

Disclosure Announcement

The Hughston Clinic (“Clinic”) and Jack Hughston Memorial Hospital (“Hospital”), physician-owned facilities, are providing high quality medical and surgical services to our area residents. Our physicians appreciate your loyalty and business, and realize that you have choices when it comes to maintaining your healthcare needs. The physicians at the Clinic are proud to announce their ownership in all the ancillary services provided including but not limited to Physical Therapy, Occupational Therapy, Durable Medical Equipment (DME), MRI as well as Jack Hughston to ensure proper management of your healthcare experience.

As always, you have the right to choose any provider at any facility of your choice. Further, we take your choice very seriously, and would like to assure you that all patients of the Clinic and Hospital are treated equally; regardless of what provider they may choose. Again, we are proud to be your chosen provider and we take your decision very seriously to provide you the best treatment.
